STUDENT HARASSMENT AND BULLYING PREVENTION INTERVENTION POLICY

The Board of Education is committed to providing and maintaining a learning atmosphere that promotes respect, dignity and equality. The Board of Education recognizes that discrimination, such as harassment, hazing and bullying, are detrimental to student learning and achievement. These behaviors interfere with the mission of the district to educate its students and disrupt the operation of the schools. Such behavior affects not only the students who are its targets but also those individuals who participate and witness such acts.

To this end, the Board of Education condemns and strictly prohibits all forms of discrimination, such as harassment, hazing and bullying on school grounds, school buses and at all school-sponsored activities, programs and events.

Discrimination, harassment, hazing or bullying that takes place at locations outside of school grounds which can be reasonably expected to materially and substantially interfere with the requirements of appropriate discipline in the operation of the school or impinge on the rights of other students are prohibited, and may be subject to disciplinary consequences.

All students, school district employees, vendors, and visitors (including parents/guardian) to district buildings, buses, athletic fields or locations off-school premises involving school-related activities (i.e., field trips) are expected to conduct themselves in a manner consistent with this policy.

Definitions:

Bullying

Bullying is understood to be a hostile activity which harms or induces fear through the threat of further aggression and/or creates terror. In order to facilitate implementation of this policy, provide meaningful guidance and prevent behaviors from rising to a violation of law, this policy will use the term bullying (which is usually subsumed under the term “harassment”) to describe a range of misbehaviors such as harassment, hazing, intimidation or discrimination. The accompanying regulation provides more guidance regarding the definition and characteristics of bullying.

Discrimination

Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as enumerated in the Definitions section, under Harassment, below).
Hazing

Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

Harassment

Harassment has been defined in various ways in federal and state law and regulation. The Board of Education recognizes that these definitions are important standards, but the Board of Education’s goal is to prevent misbehavior from escalating in order to promote a positive school environment and to limit liability. The Dignity for All Students Act (§§10-18 of Education Law) defines harassment as an intentional act against any student, by employees or students on school property or at a school function, that creates a hostile environment by conduct, with or without physical contact and/or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical well-being; or conduct, verbal threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety. The harassing behavior may be based on any characteristic, including but not limited to a person’s actual or perceived:

- race,
- color,
- weight,
- national origin,
- ethnic group,
- religion,
- religious practice,
- disability,
- sex,
- sexual orientation, or
- gender (including gender identity and expression).

In some instances, bullying or harassment may constitute a violation of an individual’s civil rights. The district is mindful of its responsibilities under the law and in accordance with district policy regarding civil rights protections.
Prevention

The school setting provides an opportunity to teach children, and emphasize among staff, that cooperation with and respect for others is a key district value. A program geared to prevention is designed to not only decrease incidents of bullying, but to help students build more supportive relationships with one another by integrating the bullying prevention program into classroom instruction. Staff members and students will be sensitized, through district-wide professional development and instruction, to the warning signs of bullying, as well as to their responsibility to become actively involved in the prevention of bullying before overt acts occur.

The components of such an effort involve the following:

- Learning about and identifying the early warning signs and precursor behaviors that may lead to bullying.
- Gathering information about bullying at school directly from students.
- Establishing clear school wide and classroom rules about bullying.
- Training adults in the school to respond sensitively and consistently to bullying.
- Providing adequate adult supervision, particularly in less structured areas such as in the hallways, cafeteria and playground.
- Raising parental awareness and involvement in addressing problems.

Curricular material that raises awareness and sensitivity to discrimination or harassment and civility in the relationships of people of different races, colors, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexes, sexual orientations, or gender expression or identities will be included in the instructional program K-12.

In order to implement this program the Board of Education will designate at its annual organizational meeting a Dignity Act Coordinator (DAC). The role of the DAC is to coordinate and enforce this policy. In addition, the Superintendent will establish and maintain a district-wide Task Force on Bullying Prevention, as well as Dignity Act Coordinating Committees in each school that will be overseen by the DAC. Committees will include representation from staff, administration, students and parents. The district-wide task force and the school-level committee will assist the administration in developing and implementing specific prevention initiatives, including early identification of bullying and other strategies. In addition, the program will include reporting, investigating, remedying and tracking allegations of bullying. The accompanying regulation provides more detail on the specific programs and strategies implemented by the district.
Intervention

Intervention by adults and bystanders is an important step in preventing escalation and resolving issues at the earliest stages. Intervention will emphasize education and skill-building.

Successful intervention may involve remediation. Remedial responses to bullying and harassment include measures designed to correct the problem behavior, prevent another occurrence of the behavior and protect the target.

Remediation may be targeted to the individual(s) involved in the bullying behavior or environmental approaches which are targeted to the school or district as a whole.

In addition, intervention will focus upon the safety of the target. Staff is expected, when aware of bullying, to either refer the student to designated resources for assistance, or to intervene in accordance with this policy and regulation.

Provisions for students who do not feel safe at school

The Board of Education acknowledges that, notwithstanding actions taken by district staff, intervention may require a specific coordinated approach if the child does not feel safe at school. Students who do not feel safe at school are limited in their capacity to learn and reach their academic potential. Staff, when aware of bullying, should determine if accommodations are needed in order to help ensure the safety of the student and bring this to the attention of the building principal. The building principal, other appropriate staff, the student and the student’s parent will work together to define and implement any needed accommodations.

The district recognizes that there is a need to balance accommodations which enhance student safety against the potential to further stigmatize the targeted student. Therefore, each case will be handled individually. The student, parent/guardian, and school administration will collaborate to establish safety provisions that best meet the needs of the targeted student. Follow-up discussion and/or meetings will be scheduled, as needed, to ensure that safety concerns have been adequately addressed and to determine when and if accommodations need to be changed or discontinued.

Training

The Board of Education recognizes that in order to implement an effective bullying prevention and intervention program, professional development is needed. The Superintendent, the DAC and the District Professional Development Team will incorporate training to support this program in new teacher orientation and the annual professional development plan, as needed. Training opportunities will be provided for all staff, including but not limited to cafeteria and hall monitors and all staff who have contact with students. Training
opportunities will also be provided for bus drivers. The DAC will be trained in accordance with state requirements and will continue their professional development so as to successfully support this policy and program.

**Reporting and Investigation**

Although it can be difficult to step forward, the district can’t effectively address bullying if incidents are not reported. Students who have been bullied, parents whose children have been bullied or other students or staff who observe bullying behavior are expected to make a verbal and/or written complaint to any school personnel in accordance with the training and guidelines provided. At all times, complaints will be documented, tracked and handled in accordance with the regulations and procedures accompanying this policy, or, if applicable, the district’s Code of Conduct. If a staff person is unsure of the reporting procedure, he/she is expected to inquire about how to proceed by speaking with their supervisor. Incidents will be included in the Violent and Disruptive Incident Reporting (VADIR) system when applicable or any other system required by New York State.

There shall be a duty for all school personnel to report any incidents of student-to-student and staff-to-student bullying that they observe to their building principal or other administrator who supervises their employment. In addition, there shall be a further duty for all school personnel to report any incidents of student-to-student and staff-to-student bullying of which they are made aware by students to their building principals or other administrator who supervises their employment. Supervisors will refer the information to appropriate district staff for investigation as designated in regulation. A district employee may be deemed to have permitted unlawful discrimination or harassment if he/she fails to report an observed incident, whether or not the target complains.

The results of the investigation shall be reported back to both the target and the accused in accordance with the accompanying regulation. If either of the parties disagrees with the results of the investigation, they can appeal the findings in accordance with the regulations that accompany this policy.

**Disciplinary Consequences/Remediation**

While the focus of this policy is on prevention, bullying acts may still occur. In these cases, offenders will be given the clear message that their actions are wrong and the behavior must improve. Offenders will receive in-school guidance in making positive choices in their relationships with others. If appropriate, disciplinary action will be taken by the administration, in accordance with the district’s Code of Conduct or collective bargaining agreement(s), as applicable. If the behavior rises to the level of criminal activity, law enforcement will be contacted.
Consequences for a student who commits an act of bullying shall be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student’s history of problem behaviors, and must be consistent with the district’s Code of Conduct.

**Non-Retaliation**

All complainants and those who participate in the investigation of a complaint in conformity with state law and district policies, who have acted reasonably and in good faith, have the right to be free from retaliation of any kind.

**Dissemination, Monitoring, Review, and Reporting**

This policy, or a plain language summary, shall be published in student registration materials, student, parent and employee handbooks, and posted on the district’s website. A bullying complaint form will be available on the district’s website. The district will ensure that the process of reporting bullying is clearly explained.

Each year, as part of the annual review of the Code of Conduct, this policy will be reviewed to assess its effectiveness and compliance with state and federal law. If changes are needed, revisions will be recommended to the Board of Education for its consideration.

The Board of Education will receive the annual VADIR report, for each building and for the district as whole, with particular attention to the trends in the incidence of bullying. Based on the review of the data, the Board of Education may consider further action, including but not limited to modification of this policy and additional training.

The district will ensure that reporting of information to the public will be in a manner that complies with student privacy rights under the Family Educational Rights and Privacy Act (FERPA).

STUDENT HARASSMENT AND BULLYING PREVENTION AND INTERVENTION REGULATION

The Board of Education condemns and strictly prohibits all forms of discrimination, such as harassment, hazing, intimidation and bullying on school grounds, school buses and at all school-sponsored activities, programs and events.

Definitions

Bullying

In order to facilitate implementation, provide meaningful guidance and prevent behaviors from rising to a violation of law, this policy will use the term bullying (which is usually subsumed under the term “harassment”), which is understood to be a hostile activity which harms or induces fear through the threat of further aggression and/or creates terror. Bullying may be premeditated or a sudden activity. It may be subtle or easy to identify, done by one person or a group. Bullying often includes the following characteristics:

1. **Power imbalance** - occurs when a bully uses his/her physical or social power over a target.
2. **Intent to harm** - the bully seeks to inflict physical or emotional harm and/or takes pleasure in this activity.
3. **Threat of further aggression** - the bully and the target believe the bullying will continue.
4. **Terror** - when any bullying increases, it becomes a “systematic violence or harassment used to intimidate and maintain dominance.”

There are at least three kinds of bullying: verbal, physical and social/relational.

- Verbal bullying such as name calling, insulting remarks, verbal teasing, frightening phone calls, violent threats, extortion, taunting, gossip, spreading rumors, racist slurs, threatening electronic communications (“cyberbullying”), anonymous notes, etc.
- Physical bullying behavior such as poking, slapping, hitting, tripping or causing a fall, choking, kicking, punching, biting, pinching, scratching, spitting, twisting arms or legs, damaging clothes and personal property, or threatening gestures.
- Social or relational bullying behavior such as excluding someone from a group, isolating, shunning, spreading rumors or gossiping, directly or through electronic communication, arranging public humiliation, undermining relationships, teasing about clothing, giving dirty looks, aggressive stares, etc.
**Discrimination**

Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as listed under Harassment as defined below).

**Harassment**

Harassment has been defined in various ways in federal and state law (including the penal law) and regulation. The Board of Education recognizes that these definitions are important standards, but the Board of Education’s goal is to prevent behaviors from escalating to violations of law and, instead, to promote a positive school environment and limit liability. The Dignity for All Students Act (§§10-18 of Education Law) defines harassment as the creation of a hostile environment by conduct or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical well-being; or conduct, verbal threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety. The harassing behavior may be based on any characteristic, including but not limited to a person’s actual or perceived:

- race,
- color,
- weight,
- national origin,
- ethnic group,
- religion,
- religious practice,
- disability,
- sex,
- sexual orientation, or
- gender (including gender identity and expression).
  - Gender identity is one’s self-conception as being male or female, as distinguished from actual biological sex or sex assigned at birth.
  - Gender expression is the manner in which a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice or mannerisms.

**Hazing**

Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort,
bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

Prevention

Prevention is the cornerstone of the district’s effort to address bullying and harassment. The components of such an effort involve the following:

- Following the principles and practices of “Educating the Whole Child Engaging the Whole School: Guidelines and Resources for Social and Emotional Development and Learning (SEDL) in New York State – Adopted by the Board of Regents July 18, 2011.” District curriculum will emphasize developing empathy, tolerance and respect for others.
- Learning about and identifying the early warning signs and precursor behaviors that may lead to bullying.
- Gathering information about bullying at school directly from students (through surveys and other mechanisms); analyzing and using the data gathered to assist in decision-making about programming and resource allocation.
- Establishing clear school wide and classroom rules about bullying consistent with the district’s code of conduct.
- Training adults in the school community to respond sensitively and consistently to bullying.
- Raising awareness among adults, through training, of the school experiences of marginalized student populations (as enumerated in the Definitions section above), social stigma in the school environment, gender norms in the school environment, and strategies for disrupting bullying, intimidation, harassment or other forms of violence.
- Providing adequate supervision, particularly in less structured areas such as in the hallways, cafeteria, school bus and playground.
- Raising parental awareness and involvement in the prevention program and in addressing problems.
- Using educational opportunities or curriculum, including, if applicable, the Individual Educational Program (IEP), to address the underlying causes and impact of bullying.

Role of the Dignity Act Coordinator (DAC)

The Board of Education will annually designate a staff member, who has been thoroughly trained in human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex, sexual orientation, or gender (including gender identity and expression), as the Dignity Act Coordinator (DAC), accountable for implementation of this policy. The DAC will be responsible for coordinating and enforcing this policy.
and regulation in each school building, including but not limited to coordination of:

- the work of the building-level committees;
- professional development for staff members and,
- the complaint process, and
- assuring the Dignity Act’s curriculum components are in place.

Reporting and Investigation

In order for the Board of Education to effectively enforce this policy and to take prompt corrective measures, it is essential that all targets and persons with knowledge of bullying report such behavior immediately to the principal, the principal’s designee or the Dignity Act Coordinator as soon as possible after the incident so that it may be effectively investigated and resolved. The district will also make a bullying complaint form available on its website to facilitate reporting.

The district will promptly and equitably investigate all complaints, formal or informal, verbal or written. To the extent possible, all complaints will be treated in a confidential manner, although limited disclosure may be necessary to complete a thorough investigation.

In order to assist investigators, individuals should document the bullying as soon as it occurs and with as much detail as possible including: the nature of the incident(s); dates, times, places it has occurred; name of perpetrator(s); witnesses to the incident(s); and the target's response to the incident.

If, after appropriate investigation, the district finds that a student, an employee or a third party has violated this policy, prompt corrective and possibly disciplinary action will be taken in accordance with the code of conduct, applicable collective bargaining agreement, district policy and state law. If the reported behavior constitutes a civil rights violation, the complaint procedure associated with that policy will be followed, as applicable. If either of the parties disagrees with the findings of the initial investigation, an appeal may be made to the Superintendent in accordance with the process described below.

Confidentiality

It is district policy to respect the privacy of all parties and witnesses to bullying. To the extent possible, the district will not release the details of a complaint or the identity of the complainant or the individual(s) against whom the complaint is filed to any third parties who do not need to know such information. However, because an individual's desire for confidentiality must be balanced with the district's legal obligation to provide due process to the accused, to conduct a prompt and thorough investigation, and/or to take necessary action to resolve the
complaint, the district retains the right to disclose the identity of parties and witnesses to complaints in appropriate circumstances to individuals with a need to know. The staff member responsible for investigating complaints will discuss confidentiality standards and concerns with all complainants.

If a complainant requests that his/her name not be revealed to the individual(s) against whom a complaint is filed, the staff member responsible for conducting the investigation shall inform the complainant that:

1. the request may limit the district's ability to respond to his/her complaint;
2. district policy and federal law prohibit retaliation against complainants and witnesses;
3. the district will attempt to prevent any retaliation; and
4. the district will take strong responsive action if retaliation occurs.

If the complainant still requests confidentiality after being given the notice above, the investigator will take all reasonable steps to investigate and respond to the complaint consistent with the request as long as doing so does not preclude the district from responding effectively to the bullying and preventing the bullying of other students.

Investigation and Resolution Procedure

A. Initial (Building-level) Procedure

Whenever a complaint of bullying is received whether verbal or written, it will be subject to a preliminary review and investigation. Except in the case of severe or criminal conduct, the principal, the principal’s designee or the Building Level Dignity Act Coordinator shall make all reasonable efforts to resolve complaints informally at the school level. The goal of informal procedures is to end the bullying, prevent future incidents, ensure the safety of the target and obtain a prompt and equitable resolution to a complaint.

As soon as possible, but no later than three working days following receipt of a complaint, the principal, the principal’s designee or the Building Level Dignity Act Coordinator should begin an investigation of the complaint by:

- Reviewing any written documentation provided by the target(s).
- Conducting separate interviews of the target(s), alleged perpetrator(s), and witnesses, if any, and documenting the conversations.
- Providing the alleged perpetrator(s) a chance to respond and notify him/her that if objectionable behavior has occurred, it must cease immediately. The individual will be made aware of remediation opportunities as well as potential disciplinary consequences.
• Determining whether the complainant needs any accommodations to ensure his/her safety, and following up periodically until the complaint has been resolved. Accommodations may include, but are not limited to:

  o A “permanent” hall pass that allows the student to visit a designated adult at any time;
  o Access to private bathroom facilities;
  o An escort during passing periods;
  o If the student feels unsafe in a specific class, an opportunity for individual tutoring or independent study until the case is resolved;
  o An opportunity for independent study at home with district-provided tutor until the case is resolved;
  o Permission to use the telephone in the event that the student feels threatened and needs immediate access to parent or guardian;
  o Assignment of a bus monitor/attendant.

The district recognizes that there is a need to balance accommodations which enhance student safety against the potential to further stigmatize the targeted student. Therefore, each case will be handled individually, and the student, parent/guardian, and school administration will collaborate to establish safety provisions that best meet the needs of the targeted student. Follow-up discussion and/or meetings will be scheduled, as needed, to ensure that safety concerns have been adequately addressed and to determine when and if accommodations need to be changed or discontinued.

Parents of student targets and accused students should be notified within twenty-four hours of allegations that are serious or involve repeated conduct.

Where appropriate, informal methods may be used to resolve the complaint, including but not limited to:

a. discussion with the accused, informing him or her of the district's policies and indicating that the behavior must stop;

b. suggesting counseling, skill building activities and/or sensitivity training;

c. conducting training for the department or school in which the behavior occurred, calling attention to the consequences of engaging in such behavior;

d. requesting a letter of apology to the target;

e. writing letters of caution or reprimand; and/or

f. separating the parties.

Appropriate disciplinary action shall be recommended and imposed in accordance with district policy, the applicable collective bargaining agreement or
state law. School districts should make every effort to attempt to first resolve the misconduct through non-punitive measures.

The investigator shall report back to both the target and the accused, within five working days notifying them by phone, in writing, or in person, as appropriate, regarding the outcome of the investigation and the action taken to resolve the complaint. The actions taken will be in conformance with the Remediation/Discipline/Penalties section of this regulation. The target shall report immediately if the objectionable behavior occurs again or if the alleged perpetrator retaliates against him/her.

If a complaint contains evidence or allegations of serious or extreme bullying, or a civil rights violation, the complaint shall be referred promptly to the Superintendent. The complainant will also be advised of other avenues to pursue their complaint, including contact information for state and federal authorities.

In addition, where the principal, the principal’s designee or the Building Level Dignity Act Coordinator has a reasonable suspicion that the alleged bullying incident involves criminal activity, he/she should immediately notify the Superintendent, who shall then contact the school attorney, appropriate child protection and, if appropriate, law enforcement authorities.

Any party who is not satisfied with the outcome of the initial investigation may request a district-level investigation by submitting a written complaint to the Superintendent within 30 days.

B. District-level Procedure

The Superintendent or his/her designee shall promptly investigate and equitably resolve all bullying complaints that are referred to him/her, as well as those appealed to the Superintendent following an initial investigation. In the event the complaint involves the Superintendent, the complaint shall be filed with or referred to the Board of Education President, who shall refer the complaint to an appropriate independent individual for investigation.

The district level investigation should begin as soon as possible but not later than three working days following receipt of the complaint by the Superintendent or Board of Education President.

In conducting the formal district level investigation, the district will endeavor to use individuals who have received formal training regarding such investigations or that have previous experience investigating such complaints.

If a district level investigation results in a determination that bullying did occur, prompt corrective action will be taken to end the misbehavior in accordance with the Remediation/Discipline/Penalties section of this regulation.
No later than 30 days following receipt of the complaint, the Superintendent (or in cases involving the Superintendent, the Board of Education-appointed investigator) will notify the target and alleged perpetrator, in writing, of the outcome of the investigation. If additional time is needed to complete the investigation or take appropriate action, the Superintendent or Board of Education-appointed investigator will provide all parties with a written status report within 30 days following receipt of the complaint.

Any party who is not satisfied with the outcome of the district-level investigation may appeal to the Board of Education by submitting a written request to the Board of Education President within 30 days.

C. Board of Education-level Procedure

When a request for review by the Board of Education has been made, the Superintendent shall submit all written statements and other materials concerning the case to the President of the Board of Education.

The Board of Education shall notify all parties concerned of the time and place when a hearing will be held. Such hearing will be held within 15 school days of the receipt of the request of the complainant.

The Board of Education shall render a decision in writing within 15 days after the hearing has been concluded.

The district shall retain documentation associated with complaints and investigations in accordance with Schedule ED-1 8NYCRR Sec. 185.12 (appendix 1) Records Retention.

Retaliation Prohibited

Any act of retaliation against any person who opposes bullying behavior, or who has filed a complaint, is prohibited and illegal, and therefore subject to disciplinary action. Likewise, retaliation against any person who has testified assisted, or participated in any manner in an investigation, proceeding, or hearing of a bullying complaint is prohibited. For purposes of this policy, retaliation includes but is not limited to: verbal or physical threats, intimidation, ridicule, bribes, destruction of property, spreading rumors, stalking, harassing phone calls, and any other form of harassment. Any person who retaliates is subject to immediate disciplinary action up to and including suspension or termination.

Remediation/Discipline/Penalties

The District supports the development of measured, balanced and age-appropriate responses to the bullying, harassment and discrimination of students by students and/or employees on school property, including school
functions, with remedies and procedures focusing on intervention and education. Successful intervention may involve remediation.

Any individual who violates this policy by engaging in bullying will be subject to appropriate action, which may include disciplinary action. Remedial responses to bullying include measures designed to correct the problem behavior, prevent another occurrence of the behavior, and protect the target of the act. Appropriate remedial measures may include, but are not limited to:

- Restitution and restoration;
- Peer support group;
- Corrective instruction or other relevant learning or service experience;
- Changes in class schedule
- Supportive intervention;
- Behavioral assessment or evaluation;
- Behavioral management plan, with benchmarks that are closely monitored;
- Student counseling;
- Parent conferences; or
- Student treatment or therapy.

Environmental remediation may include, but is not limited to:

- School and community surveys or other strategies for determining the conditions contributing to the relevant behavior;
- Modification of schedules;
- Adjustment in hallway traffic and other student routes of travel;
- Targeted use of monitors;
- Parent education seminars/workshops;
- Peer support groups.

Disciplinary measures available to school authorities include, but are not limited to the following:

Students: Discipline may range from a reprimand up to and including suspension from school, to be imposed consistent with the Code of Conduct and applicable law.

Employees: Discipline may range from a warning up to and including termination, to be imposed consistent with all applicable contractual and statutory rights.

Volunteers: Penalties may range from a warning up to and including loss of volunteer assignment.
Vendors: Penalties may range from a warning up to and including loss of district business.

Other individuals: Penalties may range from a warning up to and including denial of future access to school property.

Policy Dissemination

All students and employees shall be informed of this policy in student and employee handbooks/orientation materials, on the district website and student registration materials. A poster summarizing the policy shall also be posted in a prominent location at each school.

All employees shall receive information about this policy and regulation at least once a year.

Principals in each school shall be responsible for informing students and staff on a yearly basis of the terms of this policy, including the procedures for filing a complaint and information about the impact of bullying on the target and bystanders.

Training

Training needs in support of this bullying prevention and intervention program will be reflected in the district’s annual professional development plan, new teacher orientation, in curriculum and will be considered in the budget process. The dignity act coordinator, administrative employees and other staff, such as counselors or social workers who have specific responsibilities for investigating and/or resolving complaints of bullying shall receive yearly training to support implementation of this policy, regulation and on related legal developments.
